

Jan 22<sup>nd</sup> 2020

I am writing this letter to you as a recommendation for the services provided by Mendabath for the past 6 years I have worked hand in hand with Mendabath to resurface, enamel repair and polish various types of bathtub, toilet and basin.

At no one time have they failed me, and they have always been very professional, organised and reliable. The technicians show fantastic attention to detail and they protect everything else inside the room prior to their work beginning. They always end with a great finish, shining like new! Their services are always under guarantee and this is an experience that is stress free.

I would like you to consider Mendabath for your programme of bathtub repairs. I consistently have a great experience with them and therefore strongly recommend their services.

Let me know if you if you would like come and have a look at our baths!

Yours Sincerely,

**Fernanda Lewis**

Executive Head Housekeeper
